A technical drawing of a garment sleeve. It features a curved shoulder seam at the top, which tapers down to a straight vertical line representing the armhole. The sleeve body is shaped by two curved lines that meet at a point near the bottom. A small rectangular notch is cut out from the lower-left side of the sleeve body. The entire pattern is enclosed within a thin black outline.
Sleeve, Front

A schematic line drawing of a garment sleeve pattern. It features a curved upper section that tapers towards the bottom. The lower part consists of two parallel straight lines that meet at a vertical line, creating a shape reminiscent of a wide V-neck or a notched collar. The entire pattern is enclosed within a rectangular border.
